Any teacher joining staff at Elwood Community Schools with previous experience will be placed at a step based on years of experience with INPRS (TRF) and education. If the Superintendent deviates outside of the new hire placement rules in this agreement, then he/she will gain the approval of the Association President or designee by providing information of how many years of service the new hire has completed in public schools, charter schools, and private schools. The benefits of the returning retired teacher shall include only the following: personal/family illness, quarantine, & business; personal leave; bereavement; jury duty; court appearance leave; sick leave; and any other benefits required to be offered by law.

Family shall be defined as the following: father, mother, stepparent, brother, sister, wife, husband, child, step-daughter, step-son, grandparents, grandchildren, mother-in-law, father-in-law, or any relative who, at the time of illness, is living as a member of the household of the member. A chronic illness or catastrophic injury is defined as one that is sufficiently severe to prevent the member from performing their duties for the Corporation or that requires the member to become caregiver for the family member. "Catastrophic illness/injury" as used here means an illness or injury of long duration or an illness that results in frequent recurrence of the same symptoms as distinguished from acute or short-term illness.

2. Participants

- a. The CIILB is open to all bargaining unit members in the school corporation.

- d. Written authorization consists of filling out Form 1: Authorization for Voluntary Participation. Form 1 may be obtained from the Association President. Form 1 will give written authorization for the contribution of two (2) available sick leave days to the CIILB. The Association President will forward the form to the Superintendent's office.

- c. Membership in the CIILB shall be automatically continued from one school year to the next unless the member indicates in writing his/her election to withdraw from the CIILB. Such withdrawal must be so indicated during the annual enrollment period.
- d. All donated days lose their identity and are considered a permanent contribution and not transferable.
- e. Once a member has dropped out of the CIILB, he/she must donate two (2) days to renew membership in the program.

Upon receipt of application for CIILB, the Vice President will convene a meeting of the committee. The Vice President is a non-voting member. The primary function of the CIILB Committee is to determine the eligibility of each applicant and the number of days the committee will grant.
- b. The number of days to be granted per member per school year shall be at the discretion of the CIILB Committee with the maximum number of days given in any one school year to be sixty (60) days, which are regular teacher workdays.
- c. The CIILB Committee may request additional information to support the application, including a second opinion.
- d. All information concerning an application shall be held in strict confidence.
- e. Applications for use may be made by the member's personal representative in cases where the individual member is unable to do so.

D. Severance/Retirement Benefits

1. Effective July 1, 2004, the following severance/retirement benefits program shall be in effect:
 - a. In accordance with Indiana Public Law 199, the Board shall use bond monies to fund, in part or whole, the benefits in this section.
 - b. The Board shall establish individual IRS 401(a) plans and VEBA 501(c) (9) accounts for all teachers. In the case of the VEBA, an aggregate account for purposes set forth below shall also be established as and for so long as it is needed as established herein.
 - c. Severance/Retirement Benefits Group One: Group One shall include all teachers who were employed under a regular teacher's deemed vested:
 - i. in regard to the benefits provided in subparagraph (a) below, upon attainment of age fifty (50) and completion of ten (10) years employment as a teacher with the Corporation, with such years coming before and/or after the effective date of this provision; and
 - ii. in regard to the benefits provided in subparagraph (b), upon attainment of age fifty-five (55) and the completion of fifteen (15) years of employment with the Corporation, with such years coming before and/or after the effective date of this provision.
 - a) As of September 1, 2004, a percentage equal to the teacher's age plus the teacher's years of corporation experience shall be multiplied times the given teacher's accumulated sick leave days, not to exceed 120 days, times the teacher's per diem rate of pay. For this calculation, the teacher's annual salary and corresponding per diem rate of pay shall be that in effect for him/her as of the pay raise of December, 2003 per the July 1, 2003-June 30, 2004 contract. The product of this formula in dollars shall be adjusted as set forth in paragraph h below. The adjusted product in dollars shall be deposited into an IRS Section 401 (a) plan account in the teacher's name.
 - b) At the time of his/her retirement or death, whichever occurs first, and provided the teacher has met the vesting requirements, an amount shall be determined equal to \$2,000 times the number of years between the teacher's age at retirement up to age 65, not to exceed ten years of this benefit, reduced by the then-current account balance of that teacher's individual VEBA account. This amount shall be transferred from the Board's aggregate VEBA account into an individual VEBA account for that teacher, with such transfer to be limited to \$2,000 per year within thirty (30) days of January 1 of each calendar year following the teacher's retirement from employment with the Board. Alternatively, if the teacher is retiring and at the teacher's option, aggregate VEBA funds in the amount determined above and at a limit of \$2,000 per year following the teacher's retirement shall be applied toward the cost of the teacher continuing either single or family health insurance coverage under the Board's group plan. This option is contingent upon the retired teacher making timely advance payments of the remaining monthly premium costs. The application of the offset for the teacher's individual VEBA account balance shall be applied in accordance with the following example:

Assume a teacher retires and earns the \$2,000 annual benefit for each of the next five years. Further assume that the teacher's individual VEBA account balance is \$5,000 at the time of retirement. The \$5,000 account balance would be divided by five and allocated ratably to each of the five years the Board is required to make the contribution on the teacher's behalf. This means the annual contribution that the Board would be required to make would equal \$1,000 per year. Any increase or decrease in the teacher's individual VEBA account after the initial calculation upon retirement shall not be used to recalculate the Board's annual contribution.

- d. Severance/Retirement Benefits Group Two: Group Two shall include all teachers initially employed to begin work after the end of the 2003-2004 school year.
- e. Vesting: Group One and Group Two teachers shall be deemed vested in regard to the benefits provided in this paragraph 5 upon completion of ten (10) years employment as a teacher with the Corporation, with such years coming before and/or after the effective date of this provision.
- f. Other Conditions: The Board shall not reduce the present values by the given teacher's Social Security and Medicare taxes (FICA) that the teacher would have paid if the VEBA and 401(a) contributions were considered salary payments.
 - i. There shall be no adjustment for mortality.
 - ii. There shall be no adjustment for turnover.
 - iii. Only the retirement benefit element of sick leave is bought out, resulting in no reduction of a given teacher's accumulated sick leave.
 - iv. Amounts forfeited upon termination of employment because of the failure to meet the applicable vesting requirements shall not be reinstated or re-credited if an individual is subsequently rehired or re-employed by the school corporation. However, if the Board approves a leave of absence for a teacher or the teacher is laid off due to a reduction in force, such period of leave or layoff shall not result in forfeiture, provided the teacher shall promptly return to employment following the expiration of the period of leave.
- g. Sources of Funds/Delayed Funding: Proceeds of bonding under Public Law 199 shall first be used in the following order:
 - 1) To pay the expenses incurred by the Board in connection with the funding of benefits under this Contract and the bonding process.
 - 2) To fund the initial contributions to Group One teacher's individual 401(a) accounts.
 - 3) To fund the aggregate VEBA account.
 - 4) Any remaining proceeds of bonding under Public Law 199 shall next be used to recover previously paid out retirement/severance/bridge benefits in accordance with Public Law 199.
 - 5) Any remaining proceeds of bonding under Public Law 199 shall next be used to fund traditional retirement/severance/bridge benefits paid to teachers who elect to take those benefits per the first part of this Section A., above.
 - 6) Any remaining proceeds of bonding under Public Law 199 shall next be used to offset the 2004-2005 contributions to teachers' individual 401(a) accounts and then, to offset the 2004-2005 contributions to teachers' individual VEBA accounts.
 - 7) The Board shall use other sources of funds as necessary to meet the funding obligations set forth above. It is not expected that any amounts will be available to be used for items 1 through 7.

2. *Administration of the IRS Section 401(a) Plan and Accounts:* The 401(a) plan's terms and conditions for the administration of the 401(a) plan shall be as follows:

- a. The amount contributed for each teacher will be invested in a separate account. There will be no commingling of accounts and each teacher may determine how his/her account shall be invested among the investment options made available by the investment vendor for the 401(a) Plan.

- b. Until such time that a teacher is vested and satisfies any other plan requirements, the teacher shall have no access to the assets held in his/her separate 401(a) plan account.
- c. If a teacher's employment is severed before he/she is vested, the teacher's 401(a) plan account shall be forfeited. The forfeited amounts shall be reallocated in accordance with IRS rules and regulations.
- d. Once vested, a severed teacher may elect to commence distributions from his/her 401(a) plan account in accordance with IRS rules and regulations.
- e. If a vested teacher dies, his/her 401(a) plan account shall be distributable to the decedent's designated beneficiary or to his/her estate if no beneficiary designation has been made.
- f. At no time may a participant borrow from his/her 401(a) plan account.
